

MOHAMMED SAAD

Junior MERN Stack Developer | Full-Stack JavaScript Developer

Kerala, India | 7907762879 | ms7710420@gmail.com

[LinkedIn](#) | [GitHub](#)

SUMMARY

Junior MERN Stack Developer with hands-on experience building full-stack web applications using React.js, Node.js, Express.js, and MongoDB. Comfortable across the stack: building responsive, component-based UIs, integrating REST APIs and third-party data sources, and managing version control workflows with Git/GitHub. Brings strong communication, planning, and problem-solving skills developed over 5+ years of professional teaching experience. Actively building full-stack engineering skills through independent projects and seeking a junior/entry-level software development role.

TECHNICAL SKILLS

Languages JavaScript (ES6+), HTML5, CSS3

Frontend React.js, Responsive Web Design, Component-Based Architecture

Backend Node.js, Express.js, RESTful APIs, Axios

Database MongoDB

Developer Tools Git, GitHub, VS Code, Vite

Core Concepts API Integration, Client-Server Architecture, State Management

PROJECTS

Auction Platform — MERN Stack

React.js, Node.js, Express.js, MongoDB

Live Project: auction-zeta-rose.vercel.app

- Built a full-stack web application for managing and displaying auction-related information using the MERN stack.
- Developed interactive, reusable frontend components with React.js and modern JavaScript (ES6+).
- Implemented API-based data handling and designed a responsive UI for use across devices.
- Deployed a live version of the application, accessible at auction-zeta-rose.vercel.app.

Movie Database Application

React.js, Axios

- Built a React application that consumes an external movie API to search and display movie data dynamically.
- Implemented reusable components, client-side search functionality, and dynamic rendering using props, state, and useEffect.
- Applied component-based architecture and client-side routing to structure a multi-view single-page application.

EXPERIENCE

Teacher — Madin Academy

July 2019 – Present

- Communicated concepts clearly to diverse learners, adapting explanations and pacing to individual needs — a skill directly transferable to writing clear documentation and collaborating with cross-functional teams.
- Planned and structured lessons and materials, strengthening organizational and problem-solving skills applied to breaking down technical projects into manageable tasks.
- Collaborated professionally with colleagues and consistently managed multiple responsibilities in a fast-paced environment.

EDUCATION

BA English — Indira Gandhi National Open University (IGNOU)

2024 – Present

BA Arabic — Sree Narayana Guru Open University (SNGOU), Kerala

2024 – Present

ADDITIONAL

Languages: English, Arabic, Spanish
